EDGE Supervisors Series: Foundational Skills Certificate

This EDGE Supervisor Series Certificate is designed to provide foundational knowledge and skill development to new supervisors. It is also valuable for more seasoned supervisors who are looking to refresh or update their understanding of management principles, learn more about management culture and expectations at UArizona, or continue to develop their leadership abilities.

I have currently completed as part of this certificate:

- Pre-assessment
- Eight brief on-demand courses
 - Introduction to Foundational Skills Certificate Course
 - Expectations for Supervisors Course
 - Key Policies and Resources Course
 - Managing Performance through Engagement Course
 - Managing Performance through Communication Course
 - Corrective Action Course
 - Career Conversations Course

I have been enrolled in an upcoming facilitated workshop to complete the process.
